## Winter Term 2

### February 2018

We hope you all had a good week break, and ready for the next six weeks. This term we will be learning about understanding the world and developing our maths skills.

In maths, we will be comparing and ordering numbers that are out of context, counting out items such as different fruits, animals, and learning about weight, heavy, light. Understanding the world. We will be talking about Awan and where she lives. We will also be talking about why things happen and how they work. We will be looking at the different planets. Moon, Pluto. Etc.

We use the outdoor area all year around. As the weather is cold please provide your children with the appropriate clothing. Hat, gloves, coat, etc. We do understand that some children do not like to wear hats, gloves, scarfs, or even a coat, although we do encourage children to wear a coat outside.

**If you can help:** if you have any unwanted clothing such as tops, bottoms or socks for the children please can you donate to the nursery. Also, wellington boots and umbrellas would be very useful. We also need empty boxes and newspaper.
