

2017 COMMUNITY IMPACT

Queen Anne Farmers Market

Thank You, Queen Anne!

Thanks to you, it was our best year ever! The sun shined, the lawn filled with families sharing great food and music, and shoppers' bags brimmed with fresh produce and artisan foods. There's a lot to celebrate. That includes the successful launch of Roots to Shoots, our new program to inspire and educate kids about real, healthy food and the people who grow it. Thank you to all those who participated and financially supported our mission to build community, support farmers, and champion local in 2017. The market simply could not happen without you.

Brittany Ryan, Executive Director
