To deliver these services, your EBSCO | Stacks team includes the following subject matter experts to guide you to optimal results:

- EBSCO Account Executive
- EBSCO | Stacks Coordinator
- EBSCO Discovery Service Coordinator
- EBSCO Library Service Engineer
- EBSCO | Stacks Training Teams
- Stacks Designer
- Stacks Support Team

Design, Your Way

At Stacks, we understand that your needs may require an extension or customization of the Stacks platform, and we have a full design and development team here to help bring your vision to life.

Schedule

The custom design project includes bi-weekly team meetings and will produce up to three (3) design iterations. The custom design phase includes:

- Design Project Kickoff
 - Team and process introductions
- Discovery
- Three (3) design iterations
- Implementation
