

It's about time. Your time. Faculty time. Students' time.
Time for an e-reserves system that works for you.

Ares enhanced integration with Copyright Clearance Center's Annual Copyright License means your Usage Reporting Requirement can be fulfilled in **3 clicks...**

No counting, researching or filling in spreadsheets—Ares does that for you.

And that's just the beginning of what Ares can do for you...

It's about time. Your time. Faculty time. Students' time. Time for a reserves system that works for you. See all of the functionality in **Ares 4.0** by signing up for a web demo at www.atlas-sys.com/web-demo/ or contact ares@atlas-sys.com to schedule a personal demo.

Every Atlas customer receives superior service and support from our Training & Library Solutions team. A dedicated Customer Service Agent and experienced library consultants help you get the most from your Atlas software, including worry-free migration of data from your existing reserves system.

Atlas Systems contracts with OCLC® Canada to provide sales and marketing support for the Ares software in Canada. Please submit orders, purchase orders, and payments for the Ares software to OCLC Canada.

Once your order has been received, Atlas Systems will handle all software installation, training and ongoing support for Ares.
