Dear Friends and Supporters,

I’m writing on the heels of Voyageurs Conservancy’s Spring Thaw event that brought together so many of you in person and through your expressions of support for Voyageurs’ mission. The spirit of community and generosity continues to grow and strengthen each year, and I could not be more honored to share this mutual respect for Voyageurs National Park with you.

There are many “firsts” in 2022, including Voyageurs Conservancy’s new milestone of reaching nearly 2,000 youth and families through park-based and virtual experiences. The Voyageurs Classroom Initiative, in partnership with Voyageurs National Park, offers new and more equitable access to joy, inspiration, play, and learning opportunities for the next generation of park stewards.

Sam Zimmerman served as Voyageurs Conservancy’s first Community Artist & Educator at Voyageurs National Park, and his celebratory mural illuminated the indigenous culture that influenced the park throughout time – represented by 16,866 stars for every day Voyageurs National Park has been open to the public.

Voyageurs Conservancy supported the park and surrounding communities to prevent the spread of the first Zebra Mussel population and protect archaeological sites and historical buildings during historic spring flooding.

Thank you for connecting with Voyageurs Conservancy and recognizing the beauty and importance of the water, lands, and sky of Voyageurs National Park. May it inspire balance and hope for our future.

With gratitude,
Sharon Oswald
Board Member
Voyageurs Conservancy
VOYAGEURS CLASSROOM INITIATIVE

The Voyageurs Classroom Initiative builds lasting connections to Voyageurs National Park in the next generation, sparking an interest in outdoor play, environmental science, stewardship and history. This joint education program between Voyageurs National Park and Voyageurs Conservancy strengthens our relationship and increases equitable access to nature.

Voyageurs Conservancy expanded park field trips for local schools, provided support for NPS Interpretive Ranger staff, and increased capacity for the new Dark Sky Classroom. Launched in February 2022, the Dark Sky Classroom brought 322 students out of their desks and immersed them in the wonder of Voyageurs National Park’s night sky through live virtual field trips and park visits. Students learned about inspiring phenomena such as northern lights and how to engineer solutions that protect starry skies.

The Voyageurs Classroom Initiative is largely funded by the Minnesota Environmental and Natural Resources Trust fund as recommended by the Legislative-Citizen Commission on Minnesota Resources (LCCMR). The National Park Foundation and Voyageurs Conservancy members also support environmental education programs at Voyageurs National Park.

NATIONAL PARK TEEN AMBASSADORS

Our award-winning National Park Teen Ambassador Program reached more youth than ever before empowering. 208 high school students to experience Voyageurs National Park on fully-funded canoeing, camping, and outdoor leadership trips. Students were served from 17 schools in the Twin Cities and local gateway communities in northern Minnesota. Teen Ambassadors camp under the stars, navigate the park’s magnificent waterways, and become confident stewards of their national park. Voyageurs Conservancy has provided scholarships for Minnesota high school students since 2012 with a focus on diverse and under served communities.

WILD VOYAGEURS

Our Field Fellows help preserve ecosystems and cultural treasures of Voyageurs National Park and represent the next generation of public lands professionals.

PREVENTING THE SPREAD OF ZEBRA MUSSELS

In Summer 2022, Voyageurs Conservancy provided the park $9,000 in funding to significantly increase staff capacity to decontaminate vessels, educate the public, and engage partners in an unified response to invasive zebra mussels. We funded 4 Aquatic Invasive Species Technicians at the Kettle Falls Portage who decontaminated 570 vessels and engaged 650 visitors to prevent zebra mussel spread in the park’s waters. The 260,000 people who visit Voyageurs each year enjoy kayaking, swimming, boating, and world-class fishing on its pristine lakes. These efforts protect the watershed’s precious ecosystems and some of Voyageurs National Park’s most beloved native fish, including walleye.

VOYAGEURS WOLF PROJECT

Voyageurs Conservancy provided funding to the Voyageurs Wolf Project, an ongoing research and monitoring effort focused on understanding the summer ecology of wolves in the Greater Voyageurs Ecosystem. This funding furthers research on the behaviors between wolves and beaver populations and sponsored a Wolf Ecology Field Fellow to engage in field work with the Voyageurs Wolf Project.

NEXT GENERATION

YOUR DOLLARS AT WORK 2022
COMMUNITY ENGAGEMENT

Love Your Park events connect families to recreation and learning opportunities in Voyageurs National Park. Over 600 participants engaged in star gazing, hiking, outdoor art experiences, public paddling days, and even deep dives into the 2.8 billion year geologic history of Voyageurs National Park. The expansion of in-park programming supports local businesses and tourism, while engaging more Minnesotans in their state’s outdoor heritage.

DARK SKY PROGRAMMING

Voyageurs Conservancy summer Dark Sky Programs inspired over 360 visitors and families with weekly constellation tours, telescope sessions, and our second annual Voyageurs Star Party. This multi-day astronomy festival inspired attendees to journey under constellations, nebulae, distant galaxies, and the dazzling Northern Lights. As a certified International Dark Sky Park, the Conservancy and National Park Service host joint programming to preserve natural darkness and connect all ages to the wonder of Voyageurs’ starry skies.

BY THE NUMBERS

221,434 PARK VISITS  2,097 CAMPING RESERVATIONS  1,533 HOUSEBOAT PERMITS
4,682.25 VOLUNTEER HOURS AT THE PARK  42,718 VISITOR CENTER VISITORS
1,343 NEW JUNIOR RANGERS  9 HISTORIC BUILDINGS SECURED DURING SUMMER FLOODING
74 ACRES OF WETLANDS TREATED FOR INVASIVE SPECIES
