Primary Teacher Training at Plaistow and Kirdford Primary School

Have you a degree and don't know what to do?

Have you ever considered becoming a teacher? Whether you are a recent graduate, have been working in industry for a number of years, or are a graduate returning to work after a career break, teaching can be a rewarding career with great opportunities for progression. Our school and our locality need high quality teachers in order to develop and fulfil the potential of all our pupils. In order to achieve this, we are keen to nurture and support the teachers of the future.

This is why we are proud to be participating in School Centred Initial Teacher Training, accredited by the highly respected and well-established George Abbot SCITT.

You could train here in our school supported by an experienced Mentor on a one-year training placement.

Rather than spending an additional year at university obtaining your PGCE, you could instead choose to gain invaluable, on-the-job, practical teaching experience with us and, at the end of the academic year, you should be recommended for Qualified Teacher Status (QTS) and possibly obtain a PGCE (60 credits at Masters level) awarded in conjunction with Kingston University.

For more information on training through Teach Surrey and advice on application, please go to:
www.georgeabbottraining.co.uk/home

Alternatively, please do not hesitate to contact us at Plaistow and Kirdford Primary School for further information. You are welcome to come for an informal chat and to have a look around our lovely school.
