What gives you hope in these times?

For me, it's young lawyers like Kyle Finnegan who dedicate themselves to fighting discrimination and structural racism.

Join us as we honor Kyle as our Young Lawyer of the Year at Bring Justice Home, our annual benefit on Tuesday, October 2 at Theater on the Lake.

Kyle keeps busy most days as a litigation associate at Katten Muchin Rosenman. Yet he finds time to prioritize pro bono legal work, taking on housing discrimination cases with Chicago Lawyers’ Committee for Civil Rights.

“I care about civil rights because the promise of liberty, that America was founded to achieve, remains unrealized for many people in my community.

In challenging times like
This is why the next generation of lawyers gives me hope.

these, I draw hope from a Mr. Rogers quote that my wife admires: Look for the helpers.”

-Kyle Finnegan

Join us to celebrate our volunteers and community partners as we re-commit ourselves to disrupting segregation and racial disparities in housing, property taxation, community development and more.

Thank you for your support.
