

MANUSCRIPT ASSESSMENT

The Assessment

You'll receive a detailed report on your manuscript covering story, plot, structure, pace, character, point-of-view, language, dialogue, audience and market. This report will also address those specific areas of concern flagged by you. I will provide constructive feedback with which to approach those issues raised in the manuscript assessment. Included in the fee is a follow up 30-minute phone consultation to clarify issues raised by the report.
