**Highlight / Feature Film:** A cinematic, high quality film will be delivered within the length of selected collection. This includes clips throughout the day but not full coverage of each event. Audio of vows, letters, interviews, speeches, and more will overlay the video clips to complete your one of a kind story.

**Teaser Film:** A short preview of your wedding day. Typically 30-60 seconds.

**Love Story:** A fun and cinematic film created before your wedding. It's similar to a photographers engagement session and the skies the limit!

**Reception, Rehearsal, & Ceremony Films:** Full coverage of these events are filmed in their entirety; Speeches, entrances, cake cutting, exits, vows, etc.

**Documentary Films:** These films are dedicated to showing the most important moments of your day in longer format and similar to "traditional" wedding films. The mini doc ranges from 10-15 minutes while the full doc can be 30-60 minutes.
