

What is the Gospel?

“God loved the world this way: He gave his only Son so that everyone who believes in him will not die but will have eternal life.” (John 3:16 GWORD)

The Story of Creation

- God is so good he made a universe that was perfectly good.
- God is so powerful he could make a world with creatures with real free will.

The Story of the Fall

- God is so righteous he respects our free will even when we abuse it to turn against him and choose to hurt others and ourselves.

The Promise of the Saviour

- God is so loving he refused to abandon us.
- God is so wise he made a plan that respects our free will and his righteousness at the same time.

The Story of Jesus

- God is so passionate that he didn't send just a message to us but he came himself as a human being.
- God is so authentic that he made himself vulnerable to the same joys and pains of living and dying that we experience.
- God is so committed that he allowed us to execute Jesus because we didn't like what he said and did.

The Invitation to New Life

- God is so glorious that death could not keep Jesus and his resurrection has mysteriously made a way for us to be forgiven and have abundant, new life.
- God is so consistent that he STILL allows us to choose to accept or refuse his will and have new life.
- God is so generous that he offers us his Holy Spirit to change us from the inside out.
- God is so creative that he will make our new life continue forever in a whole new world.
