AGA and AFFIRM are planning a hands-on Robotic Process Automation (RPA) Workshop at the Ronald Reagan Building in Washington, D.C. The purpose of the workshop is to inform participants about best uses for RPA, how agencies are leveraging RPA to solve processing bottlenecks, and what agencies (and firms) are leading the way in RPA design and usage. Learn how the CFO and CIO communities are working together to implement RPA quickly, effectively and safely.

The workshop will include presentations as well as facilitated table discussions, where we move from academic discussions to “how-to” explanations complete with checklists and examples. The facilitated groups will enhance opportunities for sharing best practices (commercial and government), finding answers to nagging questions, and building your personal network across government.

Anticipated federal attendance: 150

☐ Event Sponsor (limited opportunities) — $1,300

- Facilitate a table discussion
- Two event registrations
- Contribute to the workshop’s Executive Summary Report (includes company branding)
- Placement of company logo on event websites (AGA and AFFIRM) and on-site printed agenda
- Pre- and post-event registration lists in MS Excel format (one-time use, each)
- Opportunity to display company materials on tables located in the foyer
- Acknowledgment during the opening session of sponsorship

☐ Platinum Sponsor (2 opportunities) — $2,500

All the benefits of Event Sponsor, plus:
- Moderate a session
