President's Report

The Queensland interclub judging night was a very enjoyable night. I would like to thank all the people who volunteered to help on the night. I would like to thank Glenn and his team of computer experts, Jeanette and her helpers who looked after the catering, and Louisa and her "Meet & Greet" team. A Special thanks goes to Glenn Rossiter for all the work he did for the Queensland Interclub and the PCC Interclub to make sure everything was ready to go and the spread sheets worked correctly.

We are not photographing any more Festivals for the Council this year. We will only do 2 days per year in future if they ask us. If you are photographing the 2 outings – First Settlement and Christmas by the Sea just take what you want for competition. You will not be able to get a photographers pass.

I would like to welcome Jim Harold to the committee. Jim has agreed to fill the position of Program officer for the rest of the year.

The program night on October 28th will be presented by Phillipa Frederiksen on "Creative" and the second half will be by John Van Den Broeke on "People and bird photography". As you can see there will be something for everyone.

The print challenge and the Hunt and shoot images will be judged on September 23rd. These are fun competitions and do not give you points for the yearly competition. For the new members the print challenge is judged by 3 judges and 2 images are put up against each other. The print judged to be the best by 2 or more judges goes into the next round. The Hunt & Shoot images are judged by the members. I will be picking up the print challenge prints on or before the 16th September. Please be sure they go in my box and not in the regular monthly boxes. Everyone is eligible to enter any 4 prints that are not more than 5 years old.

Happy Photography - Rae.

*Welcome to all members of the **Peninsula Camera Club** and a special welcome to any visitors. We hope you enjoy the meetings and develop a love and passion for photography. Thanks to all members who help out at the meetings from setting up the chairs & tables, laying out the prints and just being willing and able.

Set Subject Guidelines - 2011

Remember that these subjects should form the

MAIN part of your set subject Images.

September: Photojournalism – It is a particular form of jour-

nalism (the collecting, editing, and presenting of news material for publication or broadcast) that creates images in order to tell a news story.

OCTOBER - Urban Landscapes By definition, *urban* is something relating to or concerning with cities, city life, or densely populated areas. Urban landscape photography is usually associated with imagery within contemporary mediums,

cities, buildings, streets, subways, and just about anywhere human life exists and lives. It represents and expresses experiences that exist among those areas, and it

can sometimes focus more on the patterns or processes of those areas rather than the people.

Meet at Queens Beach (BBQ Area) at 8.45 for 9am start.

Remember this is a fun day, to see how different photos can be, given that everyone will have the same subjects, same weather conditions and same area to shoot in.

On arrival you will be given a list of 10 subjects and a map showing the area you will be able to shoot these subjects within.

You will have from 9am to 12 noon exactly to shoot the subjects.

After noon we will meet back at the BBQ area at Queens Beach for a BBQ supplied by PCC. So bring your hat, sunscreen and water and a fold up chair in case we do not have enough seating. Sausages and burgers and rolls/bread will be supplied by PCC. I ask that everyone bring a salad or plate to share. BYO drinks.

The following Friday, please hand me a pen drive with you photos. Only minor adjustments allowed and no altered reality permissible. You will need to rename your 10 photos as per the list supplied. Q12 standard settings will apply to your jpegs.

Please e-mail Glenn Rossiter for a PDI number if you don't have one.
