Webinar Series Schedule

Day 1 - Thursday, April 13th 12-1p

Dr. Shawn K. Smith, author and national expert on Digital Convergence, will share best practices and his latest insights outlined in his new book, *The New Agenda - Achieving Personalized Learning Through Digital Convergence*. Each district will receive a copy of his latest work.

Day 2 - Thursday, May 11th 12-1p

Garrett Seaman will introduce Modern Teacher's Digital Convergence Framework and elaborate on the Digital Ecosystem Driver. Laurie Vondersaar will share her findings through the lens of Garland ISD's journey toward digital convergence. Attendees will be introduced to the Digital Convergence Framework Assessment and strategies to begin this work.

Day 3 - Thursday, May 25th 12-1p

An analysis of a completed district assessment will be shared, empowering attendees with the knowledge of their own district's shape of convergence, followed by final Q & A.
