

## **Stephen K. von Storch**

Bachelor of Science- Major in Architecture - University of Virginia 1978

Master of Architecture – University of Virginia 1983

### **Professional History**

Ward Hall and Associates – Springfield, Virginia 1979-1981

Dan Peter Koppel & Associates – Philadelphia, Pennsylvania 1983-1985

Bohlin Cywinski Jackson – Philadelphia, Pennsylvania 1985-1986

von Storch Design - 1986-1992

Stoneking/von Storch Architects – 1992-present

### **Public/ Professional Service Contributions**

Jefferson Area Board for Aging – Building Committee – 1993-1997

Served through a period when JABA developed centers in Charlottesville/Albemarle and four surrounding counties. Steve provided pro-bono service toward site evaluation, development budgeting and conceptual design.

Albemarle County Development Areas Initiatives Steering Committee – 2000-2002

Sat on the second phase of this committee as specific zoning texts were prepared for adoption by the Planning Commission and Board of Supervisors.

Piedmont Housing Alliance

S/vS hosted Katie Swenson, as part of her Rose Fellowship, and Liz Hoogheem, as part of her Americorps Fellowship, both while working for Piedmont Housing Alliance. S/vS provided space and limited supervision to satisfy the terms of the respective organizations.

Habitat for Humanity

Since 2007 Steve has designed and documented the 16 unit apartment building and 8 duplex homes at the Sunrise project for reduced fees. Through on-going pro-bono and reduced fee work Steve has helped deliver 30 additional Habitat homes.

Soccer Organization of Charlottesville/Albemarle (SOCA)

Steve has contributed pro-bono planning and design service to the club as they sought to expand their facilities. Following the evaluation of four sites a project home was selected. The project includes three phases all of which were planned and designed at the concept level pro-bono.

Chapman Grove Baptist Church

Over the past 16 years Steve has provided pro-bono design and planning assistance to this small rural church. Work has included additions in three phases and the site plans and special use permits required to allow those projects.
