

# #AskAQuestion

A Great Science Share for Schools campaign

The purpose of #AskAQuestion – a Great Science Share for Schools campaign - is to showcase the diversity of people working in STEM.

We would love for you to film a short video of yourself, or a colleague who also works in STEM, and answer the following questions:

1. What is your job title?
2. Describe your journey into STEM.
3. What is a STEM-related question or challenge you would love to solve one day?
4. Why do you think the Great Science Share for Schools is important?
5. Can we follow you on social media? What is your Twitter handle? e.g. @Greatscishare

Once you have filmed this, please send the video through to [ellen.logan@manchester.ac.uk](mailto:ellen.logan@manchester.ac.uk) with signed consent:

*I consent for The University of Manchester and the Great Science Share for Schools team to use any information, videos and photographs I send through for marketing and promotion related to the Great Science Share for Schools national campaign.*
