

# Question Share

## What you need?

This all depends on what you choose – be creative in your choice!

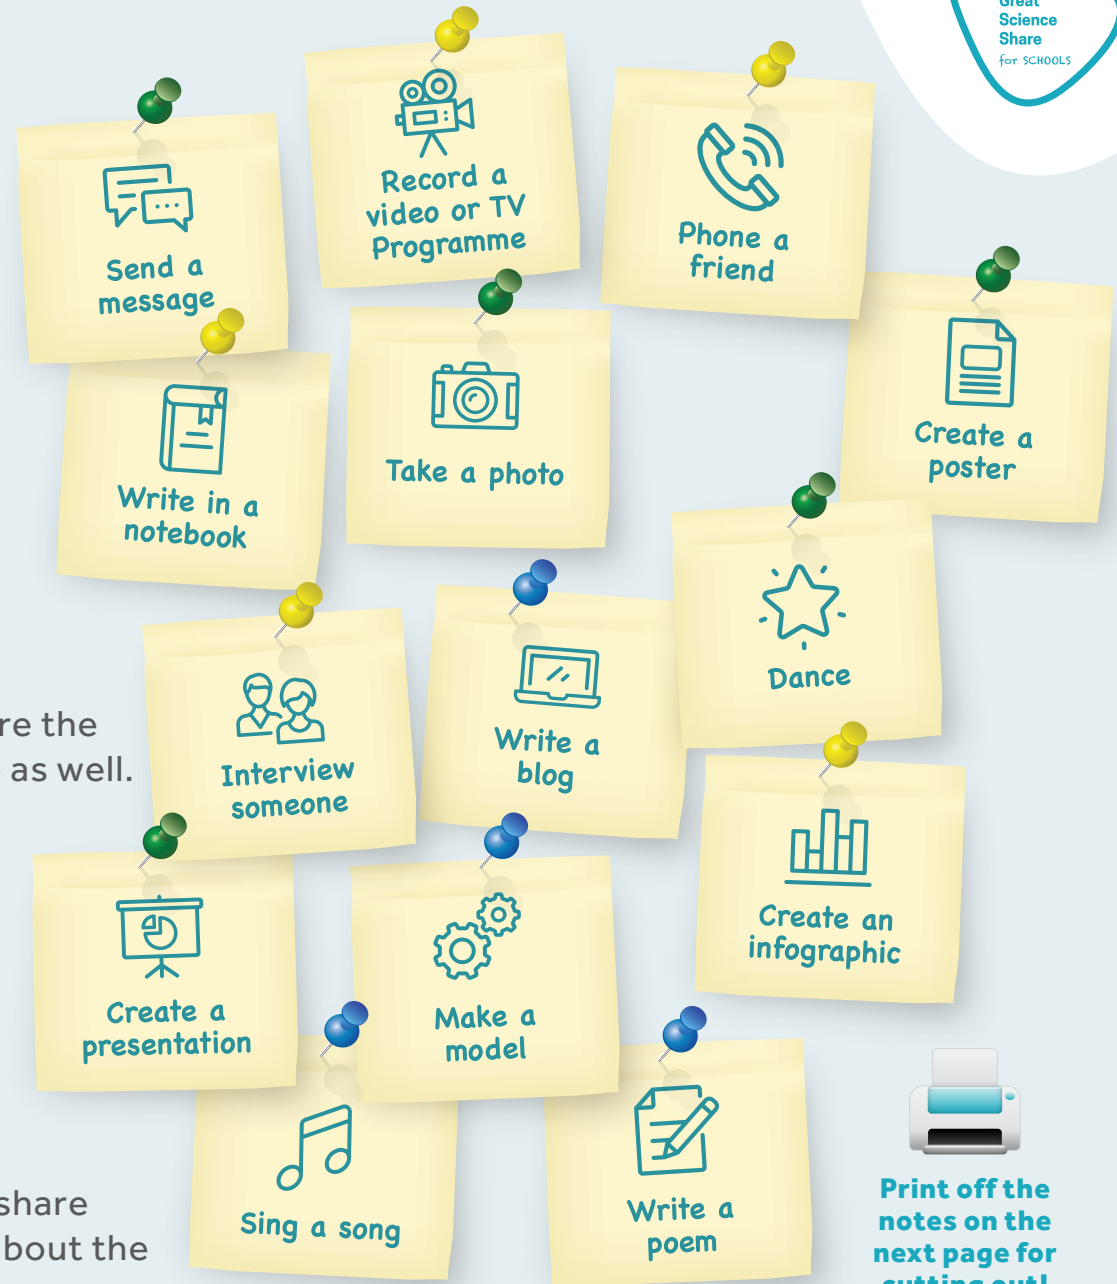

## How does it work?

Use the inspirational ideas to choose some ways to share the scientific questions and any investigations you've done as well.

There's so many ways you could do this:

- Send a text
- Create a dance
- Write a report
- Take a photo
- Make a video
- Create a news report or blog
- Sing a song

Sharing science with new audiences is the way that we share our interest as well as getting other people to wonder about the world around them!

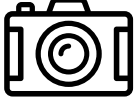

Print off the notes on the next page for cutting out!

Can't choose? Cut out the cards, turn them over and pick one! How will you share?

 <p>Send a message</p>	 <p>Record a video or TV Programme</p>	 <p>Phone a friend</p>	 <p>Create a poster</p>	 <p>There are black only notes on the next page, if you prefer!</p>
 <p>Write in a notebook</p>	 <p>Take a photo</p>	 <p>Interview someone</p>	 <p>Write a blog</p>	 <p>Dance</p>
 <p>Create a presentation</p>	 <p>Make a model</p>	 <p>Create an infographic</p>	 <p>Sing a song</p>	 <p>Write a poem</p>
