

The Heritage Green Community Trust (HGCT) was established in 1997 to support community, educational and charitable organizations in upper Stoney Creek. The trust is 100 percent funded by Terrapure Environmental, the operator of the Terrapure Stoney Creek Regional Facility, located at Upper Centennial Parkway and Green Mountain Road West.

Since its inception, the HGCT has received over \$11 million in funding from Terrapure and its predecessor companies and as a result the Board of Trustees of HGCT have provided nearly \$5.5 million in grants to individual recipients and organizations in the local community. More projects are being planned.

Highlights of recent activities include \$2 million towards the new East Escarpment Conservation Area and almost \$1 million to create the Heritage Green Community Trust Passive & Leash-Free Dog Park. A full list of initiatives is below.

To receive funding, projects must provide tangible benefits to residents in the area of upper Stoney Creek south of the Niagara Escarpment and within 3 kilometers of the perimeter of the Terrapure Stoney Creek Regional Facility. For more information on the trust, visit <http://www.heritage-green.org/>.

HERITAGE GREEN COMMUNITY TRUST GRANTS & PARTNERSHIPS

1998

Organization: Albion Community Association Inc.
Grant Amount: \$13,000.00
Project: Victoria Day Fireworks Display
