

WELCOME!

NEW HOURS -- *Subject to Change*

Wed-Fri: 3pm-10pm -- Sat: 12pm-10pm -- Sun: 12pm-8pm

We're excited to have folks in our newest space, and want to ease into opening in the safest way possible -- both for our staff (who we think of as family) as well as our customers.

We are focused on sanitization, distance, and the guidelines provided to us by the state and the CDC. Below, we've broken down how we're planning to do this, and have a few things to ask of you as well.

FRESH AIR FLOW

We'll be opening every garage door and door in our space to promote fresh air flow for as long as we can -- and maximizing seating in our outdoor courtyard and upper deck patio. When you arrive, you'll order your beers at a station at our bar, and head to an available open table. We will not have seating at our bar, and no standing room indoors.

DISTANCE

Please maintain a 6ft distance between you and other groups and individuals at all times. Tables are spread out to facilitate this, and we have some colorful tape on the floors and stantions in certain areas to keep folks in these spaces for necessary movement.

SANITIZATION

Is our #1 priority. We'll wash our hands frequently, sanitizing all surfaces and objects between orders and patrons. Our staff will be wearing masks at all times. We'll continue to clean our taproom every night as we always have. Restrooms will be disinfected on the hour. We will be utilizing plastic cups for all draft beers. **Please do bus your own table to minimize contact!**

CAPACITY

Our table sizes are reduced, and we ask that folks join us in groups of 8 or less. Tables are fixed, and all customers must have a seat and remain seated. Children must stay at tables. We will not waive our distance guidelines to cram people indoors if it rains— sorry!

BEERS

Ready for a beer? Head to our bar ordering stations. You can scan the QR code on the table, or we'll have the menu up at the bar stations. We have paper menus upon request, listing our to-go options as well.

Beer orders are taken one person at a time -- please don't hang out at the bar!

FOOD

Emmy Squared is open next door! They'll also have QR codes on each table for you to see the menu — and all you have to do is order online and indicate what table # you are sitting at. They'll bring the food right out to you. Please do bus your own table to minimize contact! You can also go indoors to Emmy Squared and order at their bar.

CURBSIDE TO-GO

You can still visit westsixth.com/nulucurbside to place your pickup order. You'll can find all the information there and order your beers online, or place an order when you arrive. We can fill crowlers of most our beers to order. Feel free to park in our lot off Main St, walk-up and place or fulfill your order at the bar.

MASK UP

Moving to or from your table? **Please mask-up.**
Ordering from us at the bar? **Please mask-up.**
We're asking for you to not only protect yourself, but others who may be more vulnerable than you. Thanks for your cooperation. We'll have disposable masks available if you don't have one. Our staff will be wearing masks at all times.

THANK YOU. *Your support, cooperation and understanding means the world. We want to make sure we are doing right by our values, staff, and community. More beers in the future — and just a few distanced ones right now! Cheers!*
