UNBOUND LEATHER ALBUMS

These soft, textured things of beauty are very hard to capture in a photograph. They need to be held, the weight of the thick hand made paper prints, the smell of the hand cut premium leather hide, the delicate texture of the etched details. We have two designs, The Swerve and The Diamond with a closure of either a pure silk ribbon or a stud. The stud allows the pouch to be opened completely and the ribbon stays partly closed. Filled with Matte Art Paper torn edges prints.
