Eat pHresh Chi is a new website and app offering the ability to order hot food from local restaurants, receive fresh products from local farmers, get FREE resources from community organizations, with choice of pick-up and delivery times. **WE NEED YOUR HELP! Please scan the code or visit bit.ly/EatPhresh to apply to help us test pilot the site before it launches!**

Eat pHresh Chi is brought to you by the Englewood Food Sovereignty Network (EFSN), a collection of partners focused on building a hyper-local food system that supports food sovereignty in communities.
