TELEMEDICINE & MIGRAINE

Visits to the health care provider can be hard for persons living with migraine disease

- TRIGGERS
- UNPREDICTABLE MIGRAINE ATTACKS
- TIME OFF WORK
- TRAVEL TO SEE SPECIALISTS

Telemedicine can make treatment SIMPLER & MORE CONVENIENT

Virtual Appointments Encourage Ongoing Care

- Minimize Attacks
- Preserve Patients' Quality of Life
- Prevent ER Visits
- Prevent the Disease from Becoming Chronic

For patients with migraine, telemedicine can help.
