

We inspire and prepare youth to succeed in a global economy

We activate youth for the future of jobs. Through the delivery of hands-on, blended learning in financial literacy, work readiness, and entrepreneurship, we create pathways for employability and job creation.

Ethic

set of moral principles

+ 21st. Century skills

self – efficacy, critical thinking, creative thinking, communication, collaboration, leadership, initiative, etc.

+ Technical Skills

business, STEM and digital skills

JA'S RELEVANCE

Scale

The challenge

- 8.1% unemployment rate in the region (40% of the unemployed are youth).
- Youth exposed to causes and effects of unemployment: gender discrimination, gangs, drugs and violence, among others.
- Women represent more than 66% of the total unemployed youth (employed women earn 17% less than men)

4 out of 10 students in the region abandon school
Ages 12 - 15:
highest dropout rate

32 million young people

are neither attending school nor seeking employment

of which 2/3 are women

50%

of companies in the region struggle to find skilled labor.

The landscape: a new industrial revolution

We are all living in the "Fourth Industrial Revolution": the fusion of technologies that impact in every aspect of human life. The JA programs combine consistently the experience of our volunteers with blended learning formats, making education for youth relevant and teaching the abilities and skills they need to succeed.

Collective Impact
