NEWBURYPORT - Municipal officials concerned about erosion on Plum Island are investigating a dune protection program known as a “biomimicry sand collection” system that can be assembled cheaply by volunteers. 2013

<http://www.newburyportnews.com/local/x1413936549/New-way-to-preserve-Plum-Island-dunes-examined>

“You take a cedar shim, you put it in the sand. When the wind blows, it slows the wind down just a little bit and it starts dropping sand. It’s the beginning of a dune,” explained Gordon Peabody. 2013
