hello, fernweh

A SPACIOUS + ADURABLE CANVAS BELL TENT

Designed and tested in the wild Pacific Northwest, our Fernweh bell tent is both a beauty and a beast. The brute strength of the thick-plyed weave 11.5oz (390 gsm) Army duck (military grade) canvas will hold up in all seasons and last for generations. The natural light colored 100% natural cotton fabric and bamboo wood posts provide an elegance that can’t be matched by another tent in the wild. We like to say it’s adurable (adorable + durable).

ALL SEASONS. ALL TERRAIN. ALL LIFE.
