

Experience You Can Trust & Quality Care You Can Count On

Nexus Home Health Care, Inc. exists to give our patients and their families a cost effective and comforting alternative solution to a hospital or a nursing facility stay. Our professional staff has over 30 years of experience in providing high quality care under the supervision of physicians to ensure the health and safety of our patients. With a highly qualified team of experts, schedules custom catered to each client's needs, and a focus on patient satisfaction, we achieve our mission of providing unparalleled care in the comfort and convenience of your own home.

Experience You Can Trust

Dependability Is Our Top Priority

When it comes to your health care needs or those of a loved one, Nexus Home Health Care, Inc. understands that time is of the essence. We pride ourselves in being able to provide for those needs within a 24-hour time frame. Our dedication is to improve your quality of life by utilizing our experienced staff, your physician(s), and committed caregiver(s) to enhance your wellness and recovery at home. We are Medicare certified, accredited by the Community Health Accreditation Program, and a preferred home health care provider for St. John Providence. Our reputation for dependability and quality has allowed us to become a recognized leader in home health care.

“One person caring about another represents life’s greatest value”

Jim Rohn
