Zealand Pharma A/S (Zealand) is seeking an experienced Clinical Trial Manager to join the Clinical Operations Department. The department is responsible for setting up, overseeing and directing clinical trials with the use of CROs.

The department is part of Clinical and Medical Affairs. It is composed of a dynamic team with 14 enthusiastic and professional colleagues. We have an open and respectful environment encouraging knowledge sharing and where we welcome new ideas and approaches.

Due to the high number of trials and projects ongoing and in preparation, we are seeking a new colleague to join our team.

Job Profile

The successful candidate will be responsible for:

- Designing, planning, conducting and reporting of clinical trials
- Leading the clinical trial team - ensuring good collaboration and communication within the team
- Securing a successful trial conduct and trial deliverables
- Driving the selection of and contracting process with CROs
- Leading the collaboration with CROs
- Risk assessment of the clinical trials and the development of sponsor oversight plans and activities
- Providing input to the clinical development plans and regulatory authority interactions when relevant
- Adhering to and advancing the clinical operational procedures.

Candidate Profile

The successful candidate will have:

- An academic degree in medical, biological, health, veterinarian or pharmaceutical sciences
- A minimum of 5 years relevant clinical trial execution experience, preferable in phase 2/3 trials and within one or more of the following therapeutic areas: Orphan indications, diabetes or gastrointestinal diseases
- Experience from collaborating with CROs or working in a CRO is preferable
- Solid knowledge and experience within GCP, ICH and FDA/EMA regulations
- Proficiency in written and spoken English
- A quality mind-set
Application

Please send your application and CV no later than August 5, 2019 to:

About Zealand Pharma A/S

Zealand Pharma A/S (Nasdaq Copenhagen and New York: ZEAL) ("Zealand") is a biotechnology company focused on the discovery and development of innovative peptide-based medicines. More than 10 drug candidates invented by Zealand have advanced into clinical development, of which two have reached the market. Zealand’s current pipeline of internal product candidates focus on specialty gastrointestinal and metabolic diseases. Zealand’s portfolio also includes two clinical license collaborations with Boehringer Ingelheim and pre-clinical license collaboration with Alexion Pharmaceuticals.

Zealand is based in Copenhagen (Glostrup), Denmark. For further information about the Company's business and activities, please visit www.zealandpharma.com or follow Zealand on LinkedIn or Twitter @ZealandPharma.
