Boulder Day Nursery Association

Malik, age 13 months, laughs with joy as he gets a push on the baby swing from his mother, Elizabeth Day Nursery, 1518 Spruce St. in Boulder. The nursery, established in 1917, will use its $30,000 grant from the 2000-2001 Season to Share campaign to provide quality child care and crucial early learning programs to children from low-income families.
