## **NATAN RESOURCES ANNOUNCES NAME CHANGE TO ENFORCER GOLD CORP. AND NEW TICKER SYMBOL – TSX-V: VEIN**

**Toronto, Ontario** – Natan Resources Ltd. (“Natan” or the “Company”) (TSX-V: NRL) is pleased to announce that its board of directors has approved a change of its name to "**Enforcer Gold Corp.**", effective today, in order to better reflect the Company’s primary focus on its Montalembert high-grade gold project. The Company's common shares are expected to commence trading on the TSX Venture Exchange (the "TSX-V") under the new symbol "**VEIN**" on March 2, 2017, and will unveil its new website at [www.enforcergold.com](http://www.enforcergold.com) on the same date.

Steve Roebuck, CEO of Enforcer Gold Corp., commented:

*“We wanted a memorable name that reflected the strength of the Company and its Canadian roots. The name Enforcer Gold alludes to our national pastime (hockey), while our new ticker symbol VEIN reflects the high-grade nature of our Montalembert Gold project located in Quebec’s prolific Abitibi Greenstone Belt.”*

The CUSIP and ISIN numbers assigned to the Company's common shares under its new name will be 292807104 and CA2928071042, respectively. No action will be required by existing shareholders with respect to the name change. Certificates representing common shares of Natan Resources Ltd. will not be affected by the name change and will not need to be exchanged. The Company encourages any shareholder with concerns in this regard to be directed to such person's broker or agent.

### **Upcoming Events**

The Company is pleased to announce that it will be exhibiting at the upcoming Prospectors and Developers Association of Canada (PDAC) Conference from Sunday, March 5<sup>th</sup> to Wednesday, March 8<sup>th</sup>, 2017, under the new “Enforcer Gold Corp.” banner. Members of the Company’s management team would like to invite current shareholders, potential investors, analysts, brokers and interested parties to visit booth 3350 at the Investor Exchange to discuss the Company's recent activities, including updates on its Montalembert Property, its most recent assay results, and to display some of its most notable samples.

For more conference details please visit the official site at [www.pdac.ca](http://www.pdac.ca).
