

GROUND WORK

DRIVING YOUR TRAVEL SUCCESS

All Business. No Trip. The most difficult part of any business trip is too often the trip itself. It shouldn't be. We make it easier for the traveler to get down to business without distraction. We make it simple for the manager to keep track of all the moving parts. And we support our partners with the information they need to stay competitive. We have 35,000 corporate customers and growing, and the world's largest travel management companies are now on the Deem platform. We've figured out how to cut through the crap in the travel business. **We get it.**

Deem provides the only end-to-end solution offering from booking to back office. Providing the corporate, agency, and supplier modern technology solutions to help drive revenue and efficiencies, Deem also generates demand for suppliers through these booking channels and strategic partnerships. While Deem helps drive incremental revenue to suppliers and travel management companies, it helps corporations save money and gain visibility into their ground spend. Employees access all company-preferred ground transportation providers on a single platform that applies policy, rate preferences, and preferred providers through one online booking tool and mobile app. Integrated with the GDS's and Deem's Work Force platform, travel management companies (TMC) can support and drive corporate ground transportation program.
