Deem's Agent Tools

- ▄ Sabre Scripts
- ▄ Apollo Scripts
- ▄ Sabre Red App
- ▄ Worldspan Scripts

Sabre Red App

The Sabre Red App is the latest evolution of the classic, script-based platform. Now complete bookings for ground transportation using an intuitive interface designed to increase travel counselor speed, support client policies and surface negotiated rates. Apollo scripts works with Travelport Smartpoint.

Apollo Scripts

Deem Apollo Scripts automate the car service reservation process. Pre-populate the name, billing, and address fields from the PNR, ensuring consistency throughout the booking process.

To install the Deem Ground Work script for the Apollo GDS, contact us at save@deem.com and we will send you an email with installation instructions.
