**ELEMENTARY SCHOOL CLASSROOMS**
We want to show our kiddos how much we respect and value them with our words, our actions, and in the spaces we provide. Our elementary school program is one of our highest-demand programs, and three bright, beautiful, well-equipped classrooms will host our first-fourth graders.
*Costs to furnish each of our three classrooms with chairs, desks, whiteboards, storage, projection, etc. are estimated at $6,000/classroom.

**MUSIC PROGRAM ESSENTIALS**
Our music program will experience more growth than any of our other programs when we move into our new building. Our will grow from being able to serve 275 students to more than 450 students annually.
*Chairs are estimated at $6,000, with a $3,000 in dollys required to store them; music stands are estimated at $5,000, with an additional $5,000 for dollys/storage; and instrument racks total just shy of $6,000.

**MAKERS LAB**
The Scientific Arts Space will be equipped with state of the art tools and designed to encourage youth to dive into the “maker” movement. This lab merges modern day technology with the discovery aesthetic of a traditional youth “shop” class. In this space, students can access all of the tools they need to create practically anything that they can imagine.
* Costs are estimated at $9,000 for furnishings; $4,000 for tools, and $700 for storage.

**FOUNDER’S ROOM**
The Arts, Recreation & Enrichment Center’s reach will extend beyond the youth we serve. The Founders Room will enable HOLA to engage partners to help bring vital services to the entire local community. This multi-use “living room” will house small events, workshops, or simply parents waiting for their children to get out of class.
*Costs are estimated at $15,000 for the conference table and chairs; $12,500 for a custom-built reception station and kitchen island.

**QUICK PICKS**

| Item               | Price
