“Having a coach has most definitely been important to me in helping me meet my goals because she holds me accountable.”

Bessie Jackson, MTP pilot mom, earned her commercial driver’s license in May 2022 during her participation in our program.
That’s the amount of combined earnings our 10 pilot moms were able to add to their annual incomes since entering the pilot, thanks to their participation in Move to PROSPER.

This is an average $17,000 per household increase! Your investment in our pilot helped families make that move toward economic security.

Just imagine what that economic stability does for the children. They benefit from living where they can safely walk to the park and school. They’ve found their peer groups, whether it be in class, on the field, or in the music room. Most importantly, they are surrounded by peers and adults who are showing them that their futures are limitless.

P.S. Please donate to our expansion. Your gift will help us transform the lives of more families. Give at movetoproser.org/support-us.

WE ARE EXPANDING!

For the past four years, MTP has been piloted with OSU’s City & Regional Planning program. Ten families entered the program in the fall of 2018. They received the rent support they needed to bridge the gap between what they could afford, and what it costs to live in Central Ohio’s higher-resourced neighborhoods. All the while, they learned and leveraged all the skills offered by MTP’s holistic coaching and monthly programs.

These successes have given us the confidence to expand our program. Over the summer, we recruited and placed 16 new families into our program and into new neighborhoods. We will welcome 100 new families between now and 2025 as we continue to expand our program.

WE ARE NOW A 501c3 NONPROFIT ORGANIZATION

Our expansion marks a departure from our use of Ohio State as our fiscal agent, but it will not mark the end of our partnership with OSU and the evaluators who have helped shape the updated evaluation tool. The OSU team will be engaged and involved throughout our growth as we continue to evaluate our results on families. But our donors will now give directly to our independent 501c3 called Families Flourish, Inc., doing business as Move to PROSPER.
