International Women's Club of Bratislava

ABOUT US

The International Women's Club of Bratislava (IWCB) is an organisation of English-speaking members from all over the world who reside in Slovakia (mainly Bratislava).

Founded in 1991, the IWCB today is a vibrant community which brings together expatriate women living in Slovakia, as well as Slovak women with an international perspective.

Our goal is to promote friendship among women, provide opportunities for a greater appreciation of different cultures and help expats familiarize themselves with Bratislava and Slovak culture in general by offering numerous entertainment and educational activities and events.

The IWCB is a non-profit, non-religious, non-political organization. It is also a member of the 'Open Door' network of international women's organizations worldwide which consists of 80 groups in 40 different countries.

Why join us ?

The IWCB warmly welcomes new members, from all over the world.

We represent diversity of cultures, ages, professions, personalities and ethnicities; from young professionals to active grandmothers. Through this diversity we gain a network of deep friendships which transcends all cultural, national and age differences.

We respect everyone's viewpoint and are open to all suggestions. **IWCB is a club run by members FOR its members**, so we need to ensure that we offer something for everyone and that all members enjoy their time in Slovakia.

I came to Bratislava not knowing anyone. Since joining IWCB, I have made some great new friends, learned a lot about the city, and I actually feel really at home now. Thanks ladies 😊.

IWCB Charity work and who we help:

We maintain a strong commitment to Slovak community through our charity work.

We organise fundraising events on a regular basis. Examples include: IWCB Fashion Show, IWCB Christmas Bazaar, IWCB Winter Market, raffles and clothes drives.

Where possible, we work with Embassies, national and international companies to make these events as successful as possible.

We donate 100% of the proceeds, from all our charity work to various charitable causes throughout Slovakia.

Over the years, we have raised a total of over **1 million euros**. For more information on our charity committee and the work they do, please visit our website.
