MONMOUTH COUNTY RESOURCES

Services available to community members
regardless of their immigration status.

As one might imagine, not all services that are available to U.S. citizens are accessible to the undocumented community. We have done our best to be as inclusive as possible while keeping this document current. We are easily able to update it as we learn of other available resources or as organizations grow and change. Please contact us with comments, updates, suggestions or corrections: Ellen at ellielichtig@icloud.com.
