

WHERE YOUR MONEY WILL GO

The Emerge Center is a non-profit providing therapy for children with communication, behavioral, and developmental delays.

We believe every child deserves access to early and effective treatment, regardless of their ability to pay. Over the years, we've dramatically increased capacity to meet the needs of our community, but the demand for our services continues to rise.

Our early-intervention, interdisciplinary therapy is changing the lives of hundreds of families each year. Under the leadership of Chip and Sandi Robinson, Battle Against Autism has raised critical dollars that have allowed us to reach more families in need. This year, all proceeds will directly support our innovative therapy programs for young children with Autism, to help them access the care they need as soon as possible.

Thank you for your support!
