CA 45th PUBLIC OPINION POLL #6

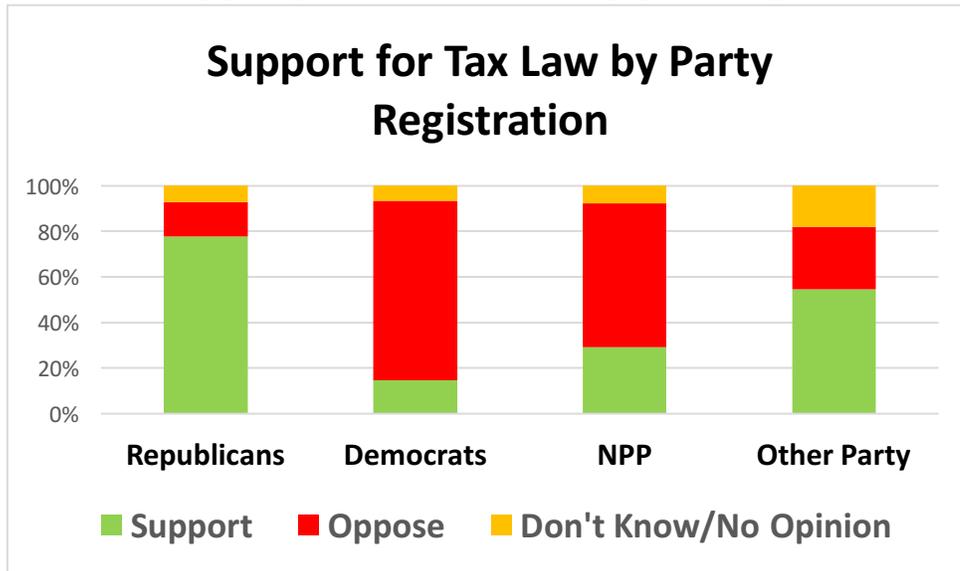

March 20, 2018.

In December 2017, the “Tax Cuts and Jobs Act” was signed into law by the President. We decided to poll registered voters in the district to determine where support for the law stands. A higher percentage of registered voters (47.4%) oppose the law, than support the law (45%), with a significant percentage (7.6%) unsure or have no opinion.

SUPPORT BY PARTY REGISTRATION

source: California45th

BY THE NUMBERS

- 77.6% of Registered Republicans and 54.5% of Other Party voters support the tax law, while 78.7% of registered Democrats and 63.1% of Registered No Party Preference (NPP) voters oppose the tax law. These differences in support are statistically significant.

METHODOLOGY

Using 9/27/17 voter information data from Orange County Registrar of Voters, we randomly selected 5% of the voter database, or 20,342 voters. From this random sample, 31% (6296), of the voter records included email addresses. Using SurveyMonkey, we initially emailed all 6296 of these randomly chosen voters an invitation to complete our survey between February 15-March 15, 2018. Each voter received two follow up email invitations. Seven-hundred twenty-four (724) of these email addresses bounced or could not be delivered. Two-hundred fifty (n=250) registered voters completed our emailed survey, for a response rate of 4.5%.

The sample slightly over represented Democratic, No Party Preference (NPP) and Other Party Voters, and underrepresented Republican voters. For this reason, we weighted the survey results with weights of .90 for Democrats, 1.23 for Republicans, .97 for No Party Preference, and .57 for Other Party, to reflect registration totals in the 9/27/17 voter information dataset of 30.4% Democratic, 39.2% Republican, 26.1% No Party Preference and 4.3% other party preference.
