III. Academics

A. Academic Excellence Committee Report
Excluding the high school, drops in academic scores across the network (excluding high school). Not all data and score results are in yet to know what the final letter grades will be for each of the elementary schools. Social Studies test results are not in yet. New calculations on how school letter grades are given. Gives more value-add. Not sure yet what the outcome will be.

IV. CEO Report

A. CEO Report
Discussion was had as to the reasons for the drop in testing scores and what will be done to improve scores going forward. Guitterrez attributes a drop in scores last academic year to an over-emphasis on compliance with the CAP and not emphasizing mid-year assessments.
Discussion was had as to the root cause of turnover of students and turnover of employees in the previous school year, and the difficulties that turnover can cause in school culture. Board Chair Rosenthal asked to be provided turnover results compared to the year before. CEO Guitterrez will provide this for next board meeting.
CEO Guitterrez and Chief of Schools Sean Gallagher discussed what is being done currently: focus on support and building of directors, as well as engineering a culture shift around the school directors.
Board Chair Rosenthal asked CEO Guitterrez and Chief of Schools Gallagher what data they can provide to the board throughout the school year, what the board will look at and when. CEO Guitterrez and Chief of Schools Gallagher provided the following in responses. 1) “Insight” is conducted twice a year. It is a validated survey of turnover and retention of teachers developed by NTP. It allows comparison of current data to data from previous SYs. 2) Benchmarks and Step assessments results will be provided to the Board to review. Frist datasets will be available in October 2017. Chief of Schools Gallagher thinks that the Board will be able to see results then, and the results should be better fall 2016 results. CEO Guitterrez discussed culture assessments that are occurring currently. The Chair advised the CEO to invite NSNO attend the assessments.
Discussion was had on several points, including: 1) The RSD’s rules apply until July 1, 2018. OPSB rules apply after that. 2) RCAA is showing improvements. 3) ReNEW’s responsibility to the students of New Orleans and the system and the integrity of the system. The Chief of Schools stated that the goal is for all “A” schools by 2020.
CEO Guitterrez discussed the OPSB initiative regarding sanctuary city and ReNEW’s efforts regarding that initiative.
