KNOW ALL PERSONS BY THESE PRESENTS: That the undersigned, called "Grantor"), whether one or more, for and in consideration of Ten Dollars ($10.00) and other good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, does hereby grant and convey by this Right of Way and Easement Grant ("Agreement") to ENBRIDGE ENERGY, LIMITED PARTNERSHIP, a Delaware limited partnership, with an office located at 119 North 25th Street East, Superior, Wisconsin 54880, its grantees, successors and assigns (hereinafter called "Grantee") the following rights, interests, and privileges:

a. A right-of-way and perpetual easement to survey, locate, construct, install, operate, maintain (including cathodic protection systems), clear, inspect (including aerial patrol and subsurface digging), reclaim, remove, protect, idle in place, repair, replace, relocate, change the size of and reconstruct two pipelines, together with any associated valves, fittings, location markers and signs, communication systems and lines, utility lines, safety and protective apparatus, and all other equipment and appurtenances, whether above or below grade, and conduct such other activities as may be necessary in connection therewith as determined by Grantee or required by law, for the transportation of crude petroleum and any product, by-product and derivative thereof, on, over, under, in, through and across a strip of land, as described in Exhibit A attached hereto and incorporated herein (hereinafter referred to as the "Right of Way"), together with the right to clear and to keep cleared the Right of Way so as to prevent damage or interference with the safe and efficient construction, operation, maintenance and patrol of the pipelines and appurtenances.

b. A right-of-way and perpetual easement to survey, locate, construct, install, operate, maintain (including cathodic protection systems), clear, inspect, reclaim, remove, protect, idle in place, repair, replace, relocate, change the size of, and

Tract No. MN-AI-2C5-116.200

reconstruct such personal property, including without limitation cables, lines, wires, jackets, and related transmission equipment and appurtenances, as may be necessary or convenient for the broad purposes of communications, including such communications technology as may be subsequently developed or become feasible.

c. Until such time as the construction, testing, and commissioning of any one pipeline is complete, the right to use and occupy such of Grantor’s land adjacent to the Right of Way as is reasonably necessary for construction work space, for the purposes of surveying, locating, constructing, testing, reclamation and commissioning of Grantee’s pipeline, appurtenances, and rights of way (including the temporary storage of equipment and material), provided that at the conclusion of the construction, testing, and commissioning of the pipeline all areas of construction work space shall be reclaimed and shall revert to the possession and control of the Grantor. The commissioning of a pipeline shall not act as a waiver or release of Grantee’s right to invoke the rights granted by this subparagraph with respect to a second pipeline.

d. The perpetual right to use and occupy such of Grantor’s land adjacent to the Right of Way as is reasonably necessary from time to time for the inspection and patrol (including subsurface digging), operation, maintenance, repair, replacement, relocation, reconstruction, reclamation, removal, protection, and idling of the pipelines.

e. The perpetual right of ingress and egress across Grantor’s lands to and from the Right of Way, using existing roads, routes, and paths whenever reasonably possible in the determination of Grantee, at any and all times for all purposes convenient or incidental to the exercise by the Grantee of the rights herein granted.

f. The right to discharge water from excavations and other work areas onto the Grantor’s land as described on Exhibit A during the construction and any testing or maintenance, repair or replacement of the pipelines. Water discharges will be performed in conformance with applicable governmental laws and regulations, and in a manner intended to minimize adverse impacts on the land, and the crops and improvements on the land. To the extent reasonably possible, without impacting the cost and timing of Grantee’s work, Grantee shall coordinate with Grantor regarding locations of the discharge sites and locations of discharge filter devices.

The aforesaid rights and easement are granted as and from the date hereof on the following terms and conditions, which are hereby mutually covenanted and agreed to, by and between the Grantor and the Grantee:

FIRST: Grantor covenants with Grantee that they are the lawful fee simple owner of the aforesaid lands, and that they have the right and authority to make this grant, and that they will forever warrant and defend the title thereto against all claims whatsoever.
SECOND: The Grantee shall, at the time of construction of the pipelines, bury said pipelines through cultivated lands so that it will not interfere with ordinary annual crop cultivation, at a minimum depth of thirty-six inches below grade at the time of construction, or such other greater depth as may be required by law, and shall also pay for damage to annual crops, fences, trees and other existing improvements that may arise from the exercise of the rights herein granted in connection with the installation of the pipelines and Grantee's use of any of Grantor's lands adjacent to the Right of Way during construction. Said damages, if not mutually agreed upon, shall be determined by three disinterested persons, one to be appointed by Grantor, one by Grantee, and the third by the two persons aforesaid; and the award of such three arbitrators, or any two of them, in writing, shall be final. The cost of such arbitration shall be borne equally by Grantor and Grantee.

THIRD: Grantee shall have the right to clear and keep cleared all trees, undergrowth, and any other obstructions (including structures), whether temporary, permanent, man-made or natural, from the herein granted Right of Way and Grantee shall not be liable for damages caused by keeping said Right of Way clear of such trees, undergrowth and other obstructions in Grantee's exercise of the rights herein granted. Grantor shall not excavate, drill, install, erect or permit to be excavated, drilled, installed or erected on, over, under or across the said Right of Way any pit, well, septic system, foundation, pavement, road or any other structure or installation, whether temporary or permanent, natural or man-made, without Grantee's prior written consent, but otherwise Grantor shall have the right fully to use and enjoy said premises for surface agricultural uses except as the same may interfere with activities deemed by Grantee to be necessary, convenient or incidental to the purposes herein granted to Grantee, and provided further that Grantor's use does not interfere with Grantee's operations on the Right of Way. Further, Grantor shall not alter the grade of the Right of Way and easement without the express, prior written consent of Grantee.

FOURTH: Grantee agrees to indemnify and hold Grantor harmless from any and all losses of or damages to property or injuries to or death of any person resulting from Grantee's activity on the Right of Way unless such loss, damage, injury or death results from the negligent or intentional acts or omissions of Grantor, its agents, representatives, employees, contractors or invitees.

FIFTH: Grantee shall have the right to assign and mortgage this Agreement and the easement herein granted in whole or part as to all or any portion of the rights accruing hereunder, subject always to the terms hereof.

SIXTH: Any and all payments, communications or notices provided for herein may be delivered by a reputable overnight delivery service or deposited in the United States mail, first class, postage paid, certified or registered, return receipt requested, to the address listed herein, addressed to Grantor and Grantee at the addresses specified above as Grantor and Grantee's mailing addresses, or such other address as may be specified in writing by Grantor or Grantee or their respective successors or assigns from time to time.

SEVENTH: This Agreement, including all the covenants and conditions herein contained shall, to the greatest extent allowed by law, be construed as creating a perpetual Right of Way and easement on and appurtenant to property owned by Grantor and shall extend to, be binding upon, and inure to the benefit of the heirs, executors, administrators, successors in title and assigns of Grantor and Grantee respectively.

Tract No. MN-Al-2C5-116.200

EIGHTH: The waiver or failure to enforce any provision of this Agreement by either Grantor or Grantee or the waiver of a breach or violation of any provision of this Agreement by either party shall not operate as or be construed as a waiver of any subsequent breach, or waiver or failure to enforce, of any provision of this Agreement.

NINTH: Multiple Grantors and Grantees may execute separate original counterparts of this Agreement and such execution shall have the same effect as if each signatory executed the same counterpart. All counterparts shall be construed together and shall constitute one integrated agreement.

LANDOWNER/S (GRANTOR/S) WITH FULL KNOWLEDGE OF THE PROVISIONS AND THEIR RIGHTS THEREUNDER, EXPRESSLY WAIVE ALL RIGHTS WHATSOEVER UNDER MINNESOTA STATUTES §216G.07 WHICH PROVIDES THAT ANY PIPELINE INSTALLED AFTER MAY 26, 1979 SHALL BE BURIED WITH A MINIMUM LEVEL COVER OF NOT LESS THAN 4-1/2 FEET WHERE THE PIPELINE CROSSES CULTIVATED AGRICULTURAL LAND. LANDOWNER/S (GRANTOR/S) EXPRESSLY PERMIT AND AGREE TO GRANTEE'S INSTALLATION OF A PIPELINE(S) WITH LESS THAN 4-1/2 FEET OF COVER AND A MINIMUM OF 3 FEET OF COVER. BY HIS/HER/THEIR INITIALS BELOW, LANDOWNER/S (GRANTOR/S) ACKNOWLEDGE(S) THAT HE/SHE/HEY HAVE READ AND UNDERSTAND THIS WAIVER.

[signatures and acknowledgments follow]
IN WITNESS WHEREOF, the parties have caused this instrument to be executed on this 6th day of September, 2017.
