Cystic fibrosis is a rare, genetic, life-shortening disease that affects every organ in the body and makes breathing difficult. Some people with the disease say it’s like breathing through a narrow straw. In people with CF, a defective gene causes a thick buildup of mucus in the lungs, pancreas and other organs. In the lungs, the mucus clogs the airways and traps bacteria, leading to life-threatening lung infections. Sixty years ago, most children did not live long enough to attend elementary school, but thanks to Foundation-based research and care, the median survival age of people with CF is now into the 40’s.

The mission of the Cystic Fibrosis Foundation is to cure cystic fibrosis and to provide all people with the disease the opportunity to live full, productive lives by funding research and development, promoting individualized treatment and ensuring access to high-quality, specialized care.

Founded in 1955 the Cystic Fibrosis Foundation is the world’s leader in the search for a cure for cystic fibrosis. The Foundation was started by parents desperate to save their children’s lives. Their relentless and impassioned determination to prolong life has resulted in tremendous strides over the past 60 years in accelerating innovative research and drug development, as well as advancing care and advocacy. Virtually every approved cystic fibrosis drug therapy available now was made possible because of the Foundation and its supporters. Still, we believe no one should have to die at a young age. We will not rest until we have a cure for all people living with CF.
EPIC (PRESENTING) PIPELINE SPONSOR - $50,000:
- Making an Epic impact on the quality of life for people with cystic fibrosis!
- Event referred to as Pipeline to a Cure presented by
- Logo included on all print, electronic materials and event video
- Company mentioned in all press and social media

Pipeline to a Cure, c/o Cystic Fibrosis Foundation, 1801 E. Edinger Avenue, Suite 135 - Santa Ana, CA 92750

The Cystic Fibrosis Foundation is an approved IRS 501(c)(3) charity. All donations are tax deductible to the maximum extent allowable by law. For more information on the Foundation or the event, visit www.pipelinetoacure.org and follow us on Twitter and Facebook.

The Cystic Fibrosis Foundation has unrestricted financial reserves of about 13 times its 2018 budgeted expenses following a one-time royalty sale in 2014. These funds, along with the public's continuing support, are needed to help accelerate our efforts to pursue a cure for this fatal disease, fund development of new therapies, and help all people with CF live full, productive lives. To obtain a copy of our latest Annual Report, visit https://www.cff.org/About-Us/Reports-and-Financials/, email info@cff.org or call 1-800-FIGHT-CF.

Important Note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection.

Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation's attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times.
