SUN ☀ LAW

SUNLAW HAS CROSSED THE POND!

We are so excited to announce that SunLaw has officially expanded into Europe!

In May, we launched our UK chapter and kicked things off with our first (virtual) event sponsored by Bird & Bird: "Thriving In our New Normal: Communications & Networking".

In-house lawyers from various industries including, tech., fashion, retail and banking attended.

Paula Williams, Head of Learning at Bird & Bird led an outstanding conversation about networking in a virtual world, the line between pressure and performance, personal branding and more!

We would like to thank **Bird & Bird International Law Firm** for sponsoring this milestone event for SunLaw and for demonstrating their commitment to gender diversity, equity and inclusion within the legal field.

Together we can continue inspiring, educating and empowering female in-house counsel across the globe!

Click here to connect with Bird & Bird.
