To Whom It May Concern:

The Azusa High School Performance Ensembles Parent Boosters, Inc. (“Boosters”) is a charitable corporation formed to support the music performance ensembles at Azusa High School including the Aztec Regiment Marching Band and Color Guard, the Jazz Band, the Wind Ensemble and the Concert Performance Band (“Performance Ensembles”).

The Performance Ensembles are comprised of talented and dedicated student musicians that are committed to community service as demonstrated by their performances at various events within and around Azusa. In addition, our student musicians are fierce competitors as demonstrated by the superior and excellent marks the Ensembles regularly receive at music festivals and the consistent invitation extended to the Aztec Regiment to participate in the SCSBOA Division 3A Marching Band Championships which have culminated in three Gold medal wins in recent years. In addition, our student musicians strive to excel academically and are often some of the highest academic performers at Azusa High School.

Music education is a valuable part of the high school curriculum. However, budgets for music programs are limited. The Boosters purpose is to raise funds to defray the costs of uniforms, equipment, instruments, music, competition fees, travel expenses and other costs so that our student musicians will continue to have opportunities to perform and achieve.

Please consider supporting the excellent student musicians who participate in the Azusa High School Performance Ensembles. 100% of your donation will be used to fund the Performance Ensembles’ music programs. The Boosters Federal Tax ID # is 82-2562067 and a receipt will be provided for your donation for tax purposes.

With our greatest appreciation,

Bill Fritz
