SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier
Product form: Mixture
Product name: Durapoz® F

1.2. Relevant identified uses of the substance or mixture and uses advised against
Use of the substance/mixture: Building and Road Construction.

1.3. Details of the supplier of the safety data sheet
Ash Grove Cement Company
11011 Cody
Overland Park, KS 66210
T 913-451-1686

1.4. Emergency telephone number
Emergency number: CHEMTREC (800) 424-9300

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture
GHS-US classification
Acute toxicity 4 (Oral)
Skin corrosion 1A
Serious Eye Damage 1
Carcinogenicity 1A
Specific Target Organ Toxicity After Repeated Exposure 1

2.2. Label elements
GHS-US labelling
Signal word (GHS-US): Danger
Hazard pictograms (GHS-US):
GHS05, GHS07, GHS08

2.3. Other hazards
Other hazards not contributing to the classification: Not applicable.

2.4. Unknown acute toxicity (GHS-US)
1% of the mixture consists of ingredient(s) of unknown acute toxicity.

3.1. Substance
Not applicable.
3.2. Mixture

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures after inhalation: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.

First-aid measures after skin contact: In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing. Wash contaminated clothing before reuse. Get immediate medical advice/attention.

First-aid measures after eye contact: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor.

First-aid measures after ingestion: If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get immediate medical advice/attention.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation: May cause respiratory tract irritation.

Symptoms/injuries after skin contact: Causes severe skin burns. Symptoms may include redness, pain, blisters. Do not allow product to harden around any body part or allow continuous, prolonged contact with skin.

Symptoms/injuries after eye contact: Causes serious eye damage. May cause burns. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.

Symptoms/injuries after ingestion: Harmful if swallowed. May cause stomach distress, nausea or vomiting.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media: Treat for surrounding material.

5.2. Special hazards arising from the substance or mixture

Fire hazard: Product does not burn; however its packaging may. Products of combustion may include, and are not limited to: oxides of carbon.

5.3. Advice for firefighters

Protection during firefighting: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA).

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures: Use personal protection recommended in Section 8. Clean up quickly and avoid generating dust. Wear suitable respiratory protection if dusty conditions arise. Avoid contact with eyes.

6.2. Methods and material for containment and cleaning up

For containment: Contain spill, then place in a suitable container. Minimize dust generation. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).

Methods for cleaning up: Vacuum or sweep material and place in a disposal container. Provide ventilation.

6.3. Reference to other sections

See section 8 for further information on protective clothing and equipment and section 13 for advice on waste disposal.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling: Avoid contact with eyes. Do not swallow. Avoid generating and breathing dust. Good housekeeping is important to prevent accumulation of dust. The use of compressed air for cleaning clothing, equipment, etc, is not recommended.

Hygiene measures: Launder clothing before reuse. Wash hands before eating, drinking, or smoking.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Keep out of the reach of children. Avoid any dust buildup by frequent cleaning and suitable construction of the storage area. Do not store in an area equipped with emergency water sprinklers. Clean up spilled material promptly.

7.3. Specific end use(s)

No additional information available.
**SECTION 8: Exposure controls/personal protection**

### 8.1. Control parameters

### 8.2. Exposure controls

- **Appropriate engineering controls**: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.
- **Hand protection**: Wear standard work gloves (leather, cotton, coated cotton, etc.) as needed to prevent abrasion.
- **Eye protection**: Safety glasses or goggles are recommended when using product.
- **Skin and body protection**: Wear suitable clothing common to do-it-yourself projects.
- **Respiratory protection**: A NIOSH approved respirator is recommended in poorly ventilated areas or when permissible exposure limits may be exceeded. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.
- **Environmental exposure controls**: Maintain levels below Community environmental protection thresholds.
- **Other information**: Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.

**SECTION 9: Physical and chemical properties**

### 9.1. Information on basic physical and chemical properties

- **Physical state**: Powder.
- **Appearance**: Fine powder.
- **Colour**: Gray to tan.
- **Odour**: No odour.
- **Odour threshold**: Not applicable.
- **pH**: 10 - 12 (Highly alkaline when wet.)
- **Relative evaporation rate (butylacetate=1)**: No data available.
- **Melting point**: No data available.
- **Freezing point**: No data available.
- **Boiling point**: Not applicable.
- **Flash point**: Not applicable.
- **Self ignition temperature**: No data available.
- **Decomposition temperature**: No data available.
- **Flammability (solid, gas)**: Not flammable.
- **Vapour pressure**: No data available.
- **Relative vapour density at 20 °C**: No data available.
- **Relative density**: 2.2 - 2.8 (Water = 1)
- **Solubility**: Negligible.
- **Log Pow**: No data available.
- **Log Kow**: No data available.
- **Viscosity, kinematic**: Not applicable.
- **Viscosity, dynamic**: Not applicable.
- **Explosive properties**: No data available.
- **Oxidising properties**: No data available.
- **Explosive limits**: No data available.

### 9.2. Other information

- **VOC content**: No data available.

**SECTION 10: Stability and reactivity**

### 10.1. Reactivity

No dangerous reaction known under conditions of normal use.
10.2. Chemical stability
Stable under normal conditions.

10.3. Possibility of hazardous reactions
No dangerous reaction known under conditions of normal use.

10.4. Conditions to avoid
Moisture – product must be kept dry until ready to use.

10.5. Incompatible materials
None known.

10.6. Hazardous decomposition products
None known.

SECTION 11: Toxicological information

11.1. Information on toxicological effects
Acute toxicity: Harmful if swallowed.

Skin corrosion/irritation: Causes severe skin burns.
Serious eye damage/irritation: Causes serious eye damage.
Respiratory or skin sensitisation: Based on available data, the classification criteria are not met.
Germ cell mutagenicity: Based on available data, the classification criteria are not met.
Carcinogenicity: May cause cancer.

</tr>
</tbody>
</table>

Reproductive toxicity: Based on available data, the classification criteria are not met.
Specific target organ toxicity (single exposure): Based on available data, the classification criteria are not met.
Specific target organ toxicity (repeated exposure): Causes damage to lungs through prolonged or repeated exposure. (Respirable crystalline silica in the form of quartz or cristobalite from occupational sources is listed by the International Agency for Research on Cancer (IARC) and National Toxicology Program (NTP) as a lung carcinogen. Prolonged exposure to respirable crystalline silica has been known to cause silicosis, a lung disease, which may be disabling. While there may be a factor of individual susceptibility to a given exposure to respirable silica dust, the risk of contracting silicosis and the severity of the disease is clearly related to the amount of dust exposure and the length of time (usually years) of exposure.)

Aspiration hazard: Based on available data, the classification criteria are not met.
Symptoms/injuries after inhalation: May cause respiratory tract irritation.
Symptoms/injuries after skin contact: Causes severe skin burns. Symptoms may include redness, pain, blisters. Do not allow product to harden around any body part or allow continuous, prolonged contact with skin.
Symptoms/injuries after eye contact: Causes serious eye damage. May cause burns. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.
Symptoms/injuries after ingestion: Harmful if swallowed. May cause stomach distress, nausea or vomiting.

SECTION 12: Ecological information

12.1. Toxicity
Ecology - general: Not considered to be harmful to aquatic life.

12.2. Persistence and degradability

### Section 13: Disposal Considerations

#### 13.1. Waste Treatment Methods

Waste disposal recommendations: This material must be disposed of in accordance with all local, state, provincial, and federal regulations.

### Section 14: Transport Information

In accordance with DOT:

#### 14.1. UN Number

Not applicable.

#### 14.2. UN Proper Shipping Name

Not applicable.

#### 14.3. Additional Information

Other information: No supplementary information available.

#### 15.1. US Federal Regulations

- **Quartz (14808-60-7)**
  - Listed on the United States TSCA (Toxic Substances Control Act) inventory

- **Ashes (residues) (68131-74-8)**
  - Listed on the United States TSCA (Toxic Substances Control Act) inventory

#### 15.3. US State Regulations

</tr>
</tbody>
</table>

### Section 16: Other Information

- **NFPA Health Hazard**: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
- **NFPA Fire Hazard**: 0 - Materials that will not burn.
- **NFPA Reactivity**: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

---

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
