OCDCA and Americorps VISTA

Founded in 1984, the Ohio CDC Association is a statewide membership organization that fosters vibrant neighborhoods and improves the quality of life in all communities through advocacy and capacity building of our member agencies. Our members provide a spectrum of assistance to their respective communities by offering programs to assist with affordable housing, financial empowerment, community economic development, community engagement, and food access. In 1995, OCDCA developed its legacy of capacity building by partnering with the Corporation of National and Community Service to have an AmeriCorps VISTA Program. In 2014, OCDCA’s AmeriCorps VISTA Project received the Outstanding National and Community Service Program award by the Ohio Commission on Service and Volunteerism.
