

Joseph Lee

UX & Visual designer

EXPERIENCE

SapientRazorfish (SapientNitro)

User Experience Designer | March 2016 - *present*

Full service design/tech agency based in New York City. Worked directly on large client projects to design experiences and systems for responsive websites that range from ecommerce to B2B.

Remind

Product Design Intern | June 2015 - August 2015

Startup based in San Francisco helping students and teachers communicate with each other in a safe and private environment through a mobile app. Worked with a wide variety of teams: product, marketing, and growth. Tasks included interaction and web design and iconography.

Intuit

User Experience Designer | June 2014 - January 2015

Working alongside with prototypers and engineers to create an easy to use product such as TurboTax. Main role consisted of creating user flows, wireframes, and sketches for rapid testing

EDUCATION

Rochester Institute of Technology

BFA New Media Design, December 2015
Art History minor
