

Nature Nook Self-Guided Hikes

For preK - 6th grade

Animal Rescue Quest

Discover a turtle that needs your help and go through the steps to nurse her back to health to return her to the wild! This role play activity teaches about habitats, animal adaptations, ecosystems, and more.

Artdoor Adventure

Visit forest nooks to create with found natural materials. Prompts and disinfected art supply kit provided. Math and language art extensions included in materials.

Woodland Discovery

Answer 5 science questions through your own observation as you explore the woods. Disinfected supplies needed for inquiry stations are provided.

Forest Reset

Try out nature wellness games and activities to reset from pandemic stress! Great SEL skill practice!

Be a Fox

Traverse the trail as if you were a fox on its daily rounds! Learn about animal behavior and ecosystems.

Register for a 90-minute slot to complete your guided hike. Pick up a kit, disinfected daily, to take on your journey. Timed arrivals ensure social distancing. All hikes come with differing levels to accommodate children ages preK through 6th.
