NEW YORK CITY DOT
#USQArt is an incredible opportunity to bring engaging artwork to one of NYC’s great public spaces. Exhibitions are presented by the Union Square Partnership in collaboration with NYC Parks’ Art in the Parks program and NYC Department of Transportation’s Art Program in collaboration with selected galleries and artists.

The Union Square - 14th Street district of Manhattan is a thriving hub of culture, food, fashion, tech and cutting-edge businesses. With millions of annual visitors, residents and commuters accessing Union Square and the astounding transit options, the district is one of the most impactful locations to debut public art in New York City.

### DISTRICT PROFILE

#### True Urban Village
- One of NYC’s most dynamic neighborhoods, Union Square boasts a **thriving cultural, retail, and restaurant scene** that surrounds beautiful Union Square Park and NYC’s largest Greenmarket.

#### High Traffic Neighborhood
- **Over 344,000 pedestrians** walk through Union Square daily. During the holidays, more than **1M shoppers** browse UrbanSpace’s Holiday Market.
- Union Square is one of NYC’s largest transit hubs with **10 subway lines**, over 10 bus lines, the PATH train, and 12 Citi Bike stations with over 400 docks.
- The Union Square subway stop is **NYC’s #2 most popular subway destination** on weekends and #4 during weekdays.
- The New School and NYU bring over **60,000 students** to the neighborhood with approximately **5,100 dorm residents**.
LOCATIONS AND GUIDELINES

The Union Square Partnership (USP) collaborates with NYC’s Department of Parks & Recreation and the Department of Transportation to bring one-of-a-kind art to Union Square. Installations are first proposed to USP which then recommends them to either or both departments (depending on location) for final approval. Exhibitions are presented under the auspices of these organizations in collaboration with the chosen artists, their galleries and/or other related arts organizations. Installations are typically on public view for a duration of 8 - 12 months.

The most popular locations for displaying art include the triangle at Union Square East between 14th + 15th Streets and Union Square’s pedestrian plaza at 17th Street + Broadway. USP works with artists and/or galleries to achieve visibility and harmony with the selected locations.

Public safety and security of the pieces are prime considerations. Sculptures may need to be anchored to the plaza or park pavers, the restoration of which is the responsibility of the exhibitor.

Union Square’s varied public spaces lend themselves to a wide range of sculpture size and weight. Interested exhibitors are encouraged to examine the full area in preparation for submission of a proposal. While exhibitors are encouraged to propose specific sites, USP and its partner agencies reserves the right to final determination of exhibition sites and must approve all siting.

Expenses related to restoring or replacing material damaged in installation or deinstallation will be borne by the exhibitor. Sculpture must be secured to prevent theft or damage, and the USP assumes no responsibility for the art on display.

ANNUAL FEATURES

ADDITIONAL GUIDELINES

- Exhibitors must retain professional riggers/installers, who obtain necessary permission from the City agencies, such as street closure permits from the Department of Transportation (DOT).

- Transport/Installation: Artists or their galleries must arrange for sculpture delivery, installation and deinstallation in coordination with relevant city agencies and USP.

- Property and liability insurance must be provided by the artist and/or sponsor, the latter naming the Union Square Partnership, Inc. and Union Square Partnership DMA as an additional insured. Artist and/or sponsor must provide either the Parks Department or DOT a maintenance and restoration bond in the form of a certified check [amount to be determined depending on sculpture size and quantity].

- As necessary, Parks, DOT and/or USP will assist exhibitors and provide guidance through any required approvals.
