REQUEST FOR PROPOSALS

Landscape Design, Installation and Maintenance Services

Fiscal Years 2020 through 2023
(April 1, 2020 – March 30, 2023)
1. INTRODUCTION

The Union Square Partnership District Management Association, Inc. (“USP”), a not-for-profit 501(c)(3) corporation, is seeking proposals from Landscape Maintenance Services firms for the design, planting and maintenance of neighborhood beautification projects in Union Square Park and the Union Square business improvement district area (the “District”; see map in Attachment A). The goal of these projects is to beautify the Union Square neighborhood, providing an aesthetically pleasing environment for property owners, commercial businesses, residents, and visitors. The selected Contractor will work closely with USP to create the design plans, obtain materials and approvals from relevant agencies, and implement and maintain the projects.

The projects relevant to this Request for Proposals (RFP) include but are not limited to seasonal and supplemental plantings for 77 moveable streetscape planters, 25 Union Square Park planters and multiple planting beds, 7 hanging baskets, mulch and stone screening, and district tree pit remediation and maintenance. The Program Requirements are further detailed in Section 4(B) of this RFP.

In 2019, USP hired OSD Outside landscape architects to create a planting revitalization scheme for Union Square Park’s gardens and planters (the “Planting Scheme”; see Attachment B). The selected Contractor will be expected to implement the prescribed planting scheme, and to coordinate installation and recommended changes as directed by OSD Outside. Contractors should prepare bids based on the plant schedule provided in the Planting Scheme. Plant substitutions will not be accepted unless approved by USP and/or OSD Outside.

Contractors are invited to prepare submissions in accordance with the terms and conditions of this RFP. Firms should familiarize themselves with Union Square Park, the Pedestrian Plazas located north of the park and area conditions prior to submission of a proposal.
