

THE 2017 PORTLAND PUBLIC SCHOOLS BOND PUTS THE HEALTH AND SAFETY OF STUDENTS AND STAFF FIRST.

Let's say yes to safe schools that provide our kids the modern education and technology they need to graduate college- and career-ready.

HEALTHY

Lead in the water, lead paint, asbestos...a "yes" vote is our chance to protect our children and address these dangerous neurotoxins and carcinogens at every school in the district.

MODERN

Ensure students have access to classrooms that provide them with the modern education and technology tools they need to go to college and compete for good-paying jobs.

SAFE

Fund necessary seismic upgrades, update fire safety alarms and sprinkler systems and repair or replace leaking or deteriorating school roofs, as well as improve accessibility for people with disabilities.

EFFICIENT

Cost-saving measures such as repairing or replacing aging, inefficient heating and cooling systems, installing energy efficient windows, lighting systems and insulation.

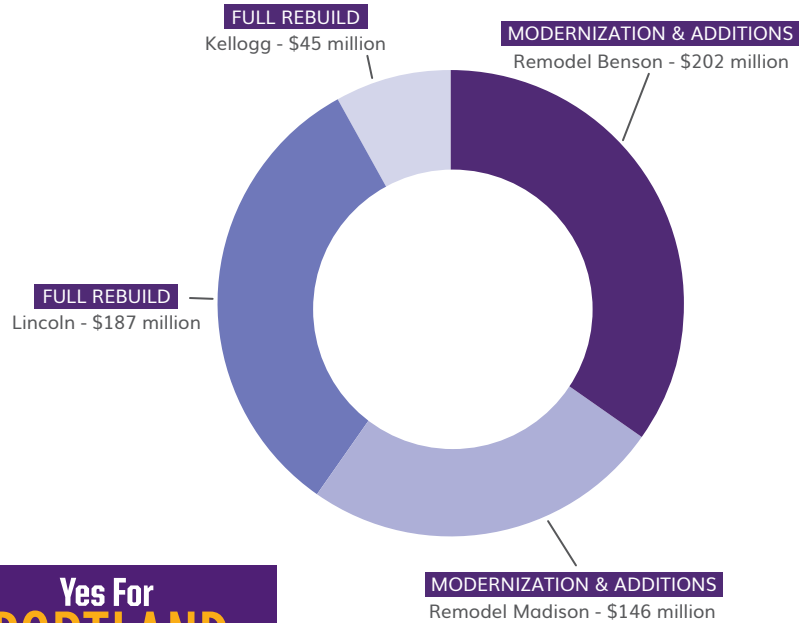

Vote **YES** on **Measure 26-193**
