

Cultivating a Home Grown Faith

This six hour in-service presents a blueprint to assist church leaders and volunteers in building a vital partnership between the Domestic and Institutional Church in order to support families to grow a lasting and sustained faith.*

Drawing on Church documents, current research, and proven techniques, leaders will leave with practical tools to listen, educate and empower families to recognize and celebrate their holiness through the family life cycle.

**This training is compatible with, and supportive of, the Strong Catholic Families National Initiative*

“Every effort should be made to strengthen and develop pastoral care for the family, which should be treated as a real matter of priority, in the certainty that future evangelization depends largely on the domestic Church.” (FAMILIARIS CONSORTIO)
