Budget briefing by RSU#12 Superintendent Howard Tuttle, followed by public question and answer

Howard Tuttle presented a very preliminary draft budget. Westport has seen it but the RSU budget committee has not as their last meeting was canceled due to the weather. He will send a PDF version to Selectman Baston.

He answered several questions. He has not heard of any capacity problems at Edgecomb Eddy School at all. Selectman Baston asked if Great Salt Bay has a capacity problem. Again, the superintendent was not aware of any issue.
